

WK-2

MEC Wire Guide Grinding Machine

Compatible machines: **SF-1A / SH-3A / WH-2A / DZ-3A** (Legacy machines: SH-1 / SF-1 / SH-3 / SH-3II / DZ-3)

The conventional wire grinder has been improved with the addition of the angle adjust mechanism, leading to enhanced setup repeatability and higher quality wire guides.

Features

- Wire Guides can be precisely ground to match the diameter of the feed roller.
- All adjustments are made by micrometer for improved setup repeatability.
- In addition to the conventional vertical adjustment, the **WK-2** allows for horizontal, in/out, and angle adjustment to maintain a stable grinding surface.

Specifications

| Machine name | WK-2 |
|---------------------|--|
| Compatible machines | SF-1A / SH-3A / WH-2A / DZ-3A (SH-1 / SF-1 / SH-3 / SH-3II / DZ-3) |
| Speed | 3000 min ⁻¹ |
| Control Range | 80 ~ 4000 min ⁻¹ |
| Power source | AC single phase 100 - 120 V or 200 - 240 V |
| Power | 60 W |
| Net weight | 22 kg |
| Temperature | 5 ~ 40°C |

- * Grinding wheel and guide holder must be changed for each compatible machine.
- * Please contact us for information on our lineup of grinding wheels and grit sizes.
- * Dust collector is optional.
- * Specifications are subject to change without notice for product improvement.
